HEALTH AND REHABILITATION CENTER

Caring for life.

June 30, 2009

To Whom It May Concern:

I have had the opportunity to work with Advanced Business Systems of Watertown, New York for several years in my current employment as well as my previous years elsewhere.

In these years, Advanced Business Systems has proven to be a very reliable and honest company. They have always been forthright in their relationships with us.

I would highly recommend this company to anyone interested in updating their copier systems. Their representatives are knowledgeable and reliable.

Sincerely,

Roy C. Parsons
Director, Materials Management
